PUTTIN' ON THE RITZ
DSBOCA LANDSCAPE ARCHITECTS AND PLANNERS

Art of Zen: To foster a peaceful environment for Eau Spa by Cornelia at The Ritz-Carlton, Palm Beach, DSBOca of Boca Raton designed a serene setting of falling water and tropical plantings that are resistant to the wind and salt spray from the nearby ocean. **Multiple Personalities:** Since the space not only functions as a relaxing meditation area but also as a garden for social gatherings, a shallow pool can be drained for more entertaining room, and LEDs can be color modified to reflect the desired mood. A sculpture by Edge of Architecture's Malcolm Berg complements the garden's contemporary lean, and inlaid river-washed pebbles create a tactile experience as they line the walking surfaces. dsboca.com
